- C Programming.
- Basic Data Structure and Algorithms.
- SQL - Relational Database Management System - SQL SERVER.
- Object Oriented Programming with Java - JavaCore.
- Object Relational Mapping with Hibernate Framework.
- SpringBoot Framework , SpringBoot with RESTFULL Webservice, Spring Data JPA.

**05/2021 – 04/2022**

### Self-Leaning Course

- IT Fundamental \_ <https://fullstack.edu.vn/courses/lessons-for-newbie>
- HTML, CSS From Zero To Hero \_ <https://fullstack.edu.vn/courses/html-css>
- Javascript Programming Basic \_ <https://fullstack.edu.vn/courses/javascript-co-ban>

**12/2014– 12/2018**

### National Economic University

Natural Resources Economic Bachelor

- Degree Classification: Very Good
- GPA: 3.43/4 (8.2/10)

### Final-Mock Project: Movie Theater

(01/03/2022 - 25/3/2022)

Project	Movie Theater
<b>Descriptions</b>	<p>Design and Create an application That allows to easily perform the functions of the movie theater operation management.</p> <p>The management system includes :</p> <ul style="list-style-type: none"><li>• Employee management : create, update , delete employee's account and infomation.</li><li>• User management : create, update, delete user's account and infomation</li><li>• Movie management : create, update, delete movie infomation</li><li>• CinemaRoom management.</li><li>• Seat system management.</li><li>• Movie Schedual and show date management.</li><li>• Ticket selling and Ticket booking management.</li><li>• Promotion management .</li></ul> <p>The biggest goal of the system is to improve the performance of employees, minimize the time to conduct ticket selling with each customer, facilitate booking, increase sales, minimize manpower and make the movie theater more competitive compared with other movie theaters.</p>
<b>Number of members</b>	5
<b>Position</b>	Developer, Tester
<b>Responsibilities</b>	<ul style="list-style-type: none"><li>• Study and analyze the Software Requirements Specification to understand the requirement of the product</li><li>• Responsible for designing and creating Entity associate with : Movie, Schedual, Show - Date, Movie Schedual, CinemaRoom, Seat tables and establish the Relationship between those tables in System Database.</li><li>• Responsible for Designing Employee management System, Movie management system layout with html, css , bootstrap 4.</li><li>• Responsible for completing The Employee management function: Create, Update, Delete employee's account and employee infomation.</li><li>• Responsible for completing The Search Movie Function by Movie's name and Show list movie search on screen layout.</li><li>• Responsible for completing the function to show a movie detail infomation and movie Schedual Date, Time , and CinemaRoom associate with that movie On Screen layout.</li></ul>
<b>Technology in use</b>	<ul style="list-style-type: none"><li>• Frontend: HTML, CSS, Bootstrap 4, Javascript, JQuery_Ajax.</li><li>• Backend: SpringBoot , Spring Data JPA, Thymleaf, Spring Validation , Spring security, Spring resfull API.</li><li>• Git, github.</li></ul>

### Long Assignemt : CMS

(15/2/2022-25/2/2022)

<b>Project</b>	CMS
<b>Descriptions</b>	Create a Web application based on HTML, CSS, JavaScript, Spring Boot framework and Spring Data Jpa to Manage Content System (CMS).
<b>Number of members</b>	1
<b>Position</b>	Developer
<b>Technology in use</b>	<ul style="list-style-type: none"><li>• Frontend: HTML, CSS.</li><li>• Backend: SpringBoot, Spring data JPA, Spring validation, Thymleaf, SQL- Server</li></ul>

## Technical Skills

- Main**
- HTML, CSS, JavaScript
  - Bootstrap 4, JQuery-Ajax basic
  - SQL, SQL Server
  - JavaCore
  - Hibernate framework
  - SpringBoot, Restfull Api basic

- Other**
- SVN
  - GIT, GITHUP

## Foreign Language Skills

### English

**Level: Immediate.**

- Easily understand basic documentary wiritten in English.
- Basic communication skills, able to hold down simple conversions with native English speaker.
- Listening ability is quite good.
- Basic writting skills.

## Certificate

### 2017-2019

TOIEC Certificate

- Total: 735

### 2021-2023

TOIEC Certificate

- Total: 750

## Interests

### Hobbies

- Reading Technology Book.
- Learning Foreign Language.
- Playing Guitar.
- Social and Outdoor Activities.
